Chamber seeks \$60,000 for promotion

In a strong appeal to County Council, the Haliburton County Chamber of Commerce has asked for \$38,000 in operating funds for the coming year while making recommendations that an additional \$60,000 be set aside for tourism promotion in the county.

In a report presented at the February 17 meeting of council, Chamber executives stressed the importance of tourism to the economy of the county and the need for a large increase in spending to ensure the continued growth of the industry.

The operating grant request, which is \$22,000 more than the \$16,000 council awarded to the Chamber last year, is the largest the Chamber has ever put forward.

The Chamber's 29-page report outlined last year's expenditures and budget allocations for 1982. In what is the most significant change in Chamber administration, the Board of Directors has proposed that the Chamber's administration and marketing costs be met entirely from membership fees and other revenue, while the \$28,000 be directed towards financing the newly-formed tourism and convention bureau. The move will make the Chamber self-sustaining while transferring responsibility for tourism promotion to the new bureau. Chamber spokesman pointed out to councillors that 100% of their contribution will go directly to tourism promotion as a result of the move.

The Chamber's report describes the bureau as the "advertising and promotion agency" of the county. The bureau was formed in November 1981 in order to distinguish the Chamber's role in tourism promotion from its other functions.

The Chamber has introduced a new membership structure under which members can divide their fees between the Chamber and the Bureau according to how they would like their fees spent. The Chamber estimates in its report that membership fees will be allotted 80% to the bureau and 20% to the Chamber.

In supporting their request for funding, Chamber directors pointed out in the report that the county was outspent in tourism promo-

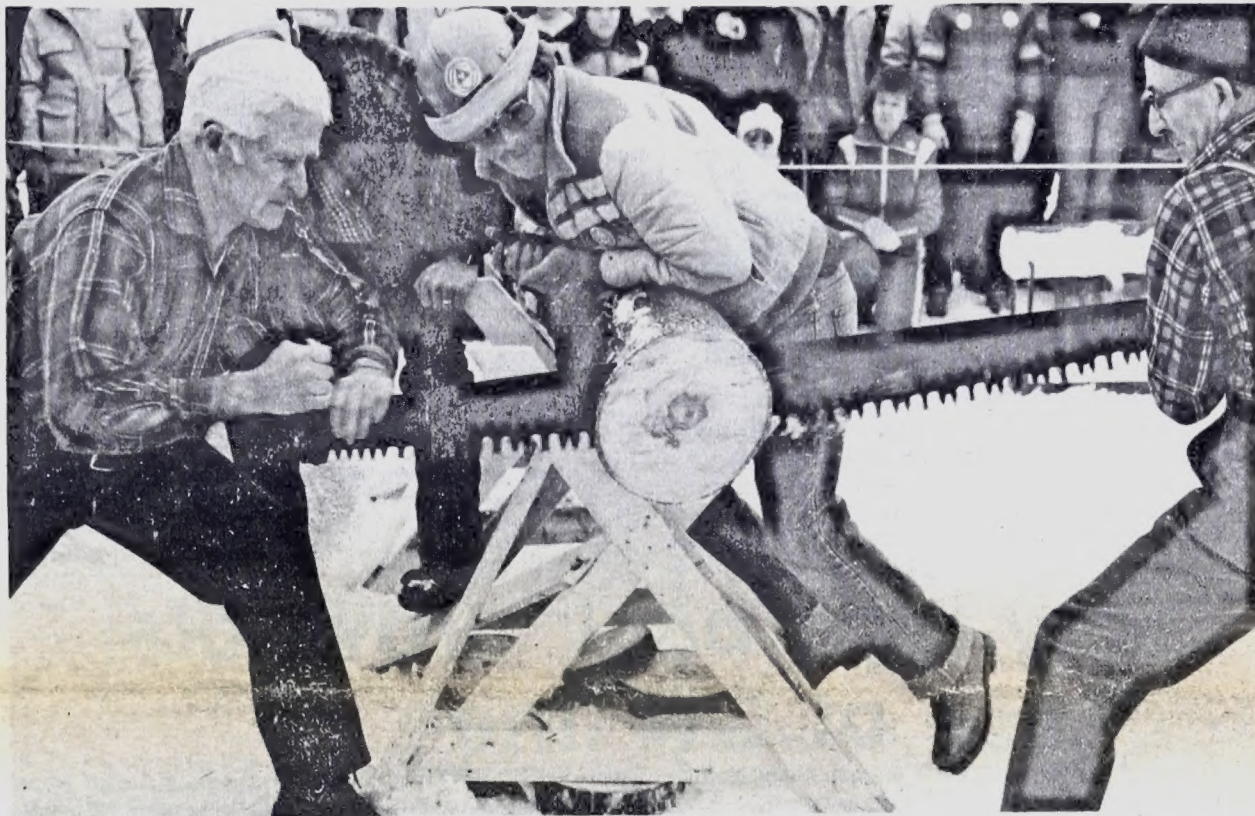

tion by all its major competitors in adjacent areas last year. Mentioned in the report were the Kawartha Tourism and Convention Bureau, which received \$90,000 from Peterborough City and Peterborough County, as well as the Grey-Bruce, Muskoka and Huronia Tourist Associations, which received local government funding totalling \$38,000, \$35,000 and \$65,000 respectively. Victoria County anticipates a contribution of \$50,000 according to the report.

The report also outlined tourist spending in the county. According to figures released in the report, tourists spent at least \$41 million in the county in 1978, and it is now projected that Haliburton County is near the \$60 million mark in annual tourist spending. The report also cited what it called the multiplier effect of tourist spending, in which every tourist dollar brought into the county is spent five more times within the county before it leaves.

Of the \$38,000 requested from council, \$28,000 will go towards financing the Tourist and Convention Bureau, while an additional \$10,000 will be used to support the marketing budget of the bureau. In addition the Chamber has budgeted to eliminate an accumulated deficit of \$4,000. The Chamber report cited building maintenance, travel expenses, heat and Hydro costs and the Inwats phone as the significant increases in the budget.

In response to the report, Stanhope Deputy Reeve Elgin Stouffer told Chamber representatives that county promotional literature is not as prominent as it should be in Toronto tourist booths such as the Eaton Centre. Stouffer agreed that upgrading existing Chamber facilities in Minden would benefit tourism, but he added that he has found phone lines at the Chamber tied up for long periods. Stouffer suggested that the newspapers could ask county residents to make a point of asking for county brochures when visiting other areas, to ensure that the literature is being made available.

Ross and Ken McKnight display winning form in the crosscut sawing competition at last weekend's Winter carnival in Haliburton. The McKnight brothers topped all competitors with a winning time of 14.8 seconds. For more carnival pictures, please see page 5.

Province to examine impact of change in county status

The move to drop the 'provisional' status of Haliburton County has created disagreement among county councillors, and several members are blaming the press for confusing the issue and causing dissension at council over the effects of the change.

As a result, the council has agreed to have provincial authorities examine all aspects of the change.

The controversy erupted at the February 17 meeting of council when it was revealed that letters have been written by two councillors asking the provincial government about the future of education grants in the event of the 'provisional' status being dropped.

The letters, written by Stanhope Reeve, Jim Harrison and Lloyd Walker, Reeve of Anson, Hindon and Minden, were received by Queen's Park officials shortly before the February 17 meeting. Provincial author-

ities phoned council representatives on the morning of the Wednesday meeting, asking why councillors were acting independently of council in making the inquiries.

Several councillors have claimed that articles published in the Haliburton County media about the grants caused confusion over the issue. An article and editorial comment appeared in the February 3 issue of The Times. They were based on an interview with Doug Hodgson, Director of Education for the county, who expressed concern over the future of education grants which may be awarded on the basis of the county's provisional status.

Monmouth Reeve Keith Tallman called for a retraction by the press because he feels people are upset about the possible effects of the change. Reeve Kenneth Maguire of Glamorgan called The Times

articles a "turn around" by the press, saying that readers have become confused about the issue.

County Warden Ron Gambell objected to the press coverage, saying that he was not consulted on the issue before the articles were published.

Dysart Reeve Murray Fearrey criticized Jim Harrison for lacking confidence in the council's handling of the issue. Fearrey asked council, "Do we have any more pen pals to (Minister of Municipal Affairs) Claude Bennett?" He told Harrison he was "well aware" of education grant weighting, and that council had received assurance from the province that the grant system would not be affected by a change in county status.

Mr. Harrison is a member of the budget committee of council, which was appointed to inquire into implications of dropping the provisional title in a motion passed at a

council meeting June 17, 1981. His letter to provincial education authorities was written independent of council. Harrison told the council that if education grants are lost, it would cost Stanhope municipality \$31,000.

At least one councillor, however, has said that he was unaware of the issue surrounding education grants prior to the February 17 meeting. Ken Maguire told council that he had never heard the issue discussed at council in the past. Fearrey told Maguire that a general statement had been made to council, stating that no grants would be affected by the change.

Fearrey told council that the county could request a study from the provincial government which would outline all possible effects of the change. He warned, however, that such a move

(more on page 3)

A large crane was used to hoist the leaking gasoline tank from its resting place at Francis Fuels south of Minden last week. Excavation next to the tank revealed that some of the 9000 litres of gasoline which escaped from the tank collected in an adjacent pocket of clay. Ministry of Environment officials are satisfied that clean-up procedures at the site have been adequate.

Council still hesitant about Official Plan

After meeting with Ministry of Housing representatives at its February 17 session, County Council is still hesitant to take steps towards the formation of a county-wide Official Plan.

Councillors from several municipalities expressed fears about the effects of an Official Plan for the county, asking Ministry spokesperson Pat Vannini about the costs of implementing the plan and the specific benefits it would bring to their municipalities.

The chief concern among councillors was the cost of the plan. According to Vannini, the plan would be financed by apportionments from each municipality in the county, excepting Dysart et al, which already has an Official Plan of its own. Anson, Hindon and Minden Deputy Reeve Doug Pritchard pointed out that Anson, Hindon and Minden would pay the largest portion of the cost according to the scheme, since it has the largest population next to Dysart.

In response to questions from council, Dysart Reeve Murray Fearrey said that the

Dysart plan had been a definite advantage to the municipality. Fearrey also cautioned council that any move by the county to develop an Official Plan would have to incorporate the Dysart plan.

Several municipalities are concerned that there would be no advantage to their participation in an Official Plan. Vannini told Lutterworth Deputy Reeve Glynn Lewis that certain planning programs would be available to municipalities under the Official Plan that otherwise wouldn't be. She said that the Ministry encourages counties to adopt an Official Plan, although it is not compulsory.

Vannini also said that municipalities like Sherborne, McClintock and Livingstone, which is 95% crown land, could still benefit from the plan since it would relate to the difficulties of populated areas. She also said that development policies in an official plan could direct development to downtown areas, and limit development along major highways.

The work of developing a separate plan for a single municipality would probably be prohibitive, according to Vannini. Once the document is compiled an on-going process of re-evaluation is necessary, and a staff must be hired to implement the plan. Vannini estimated that an Official Plan would require a continuing budget in excess of \$100,000 to keep the document updated, for which no government financing would be available. She cited Victoria County's \$200,000 investment over a 2 - 3 year period to bring in an Official Plan. Of the \$60,000 necessary to establish a plan, 50% maximum funding is available from the provincial government.

The Ministry of Municipal Affairs still supports a July 7

resolution of the county planning committee, which called for a study of the steps needed to move from the Dysart Official Plan and the Haliburton County Development Strategy to a County Official Plan. The Haliburton County Development Strategy, released in November 1978, is currently officially recognized as policy, however, and has no legal status with the Ontario Municipal Board.

Bill Howe of the Improvement District of Bicroft suggested to council that the planning committee study Dysart's plan, and Reeve Murray Fearrey added "If councillors looked at the plan, it might not scare them so badly".

Vannini said that committee members could also visit counties with existing plans to examine their effectiveness. She told council that developers would rather see an Official Plan because "it gives them notice to what's planned for the county in the future."

County reps back provincial purchase of CN line

Representatives from the municipalities of Dysart and Snowdon have expressed their support in the fight to save the CN rail line that runs between Haliburton and Lindsay.

In a meeting of the joint Railway Retention Committee held in Lindsay last week, representatives from municipalities in Victoria and Haliburton counties voiced their support for retaining the line and agreed to urge the provincial government to go ahead with plans to purchase the line from CN.

The CN line, which runs through the townships of Dysart, Fenelon, Fenelon Falls, Glamorgan, Lindsay, Ops, Snowdon, Somerville and Verulam, has been out of service since CN discontinued the Haliburton-Lindsay run a number of years ago. CN has since offered the right of way and trackage for sale to the provincial government.

Railway Retention Committee chairman Don McCumber outlined the alternatives for retaining the line at the February 18 meeting. According to McCumber, the provincial government has first rights of refusal regarding acquisition of the land and trackage. Should the province refuse to negotiate a settlement with CN, Haliburton and Victoria counties would then be given the option to acquire the land. In the event that the counties do not move to buy the right of way, the choice would then

go to the nine municipalities affected.

McCumber said that the meeting had been successful in clearing up misconceptions on the part of municipal politicians with regard to the line closure. He said that many politicians believed that there were no hopes of the line being left intact. CN, however, has given the province the option of buying the line with the trackage in place, according to McCumber.

The Kawartha Conservation Authority has also

expressed interest in the land. The group has plans to develop a day recreation camping area on McLaren Creek north of Lindsay. The CN line runs through the proposed site. If the Kawartha group does acquire a share of the line, the project may become eligible for a 60% government subsidy.

A Lindsay group is also continuing its investigation into the possibility of a steam excursion train to run on the Haliburton-Lindsay line. Provincial authorities are examining the proposals

along with a similar scheme being developed by a group from the Collingwood-Meaford area. The provincial government has expressed interest in a steam train and McCumber feels the Lindsay proposal may win provincial funding.

The Railway Retention Committee is now awaiting the release of a policy statement on the CN line from the provincial government. The statement, due to be released in May, should indicate whether the province intends to purchase the line.

Chamber

(from page 1)

Dysart Reeve, Murray Fearrey suggested to Chamber representatives that figures for tourism promotion in other areas should be compared with tourism revenue in those areas. Fearrey said the comparison would give more relevance to plans for the county tourism budget.

Anson, Hindon and Minden Reeve Lloyd Walker expressed concern about the source of funding for the Chamber. He asked Chamber representatives where and how the money could be made available to meet their grant request.

The Chamber outlined several options for a \$60,000 advertising campaign. One of the Chamber's proposals

would call for 24 newspaper advertisements to be run in conjunction with a 50-billboard campaign at a total cost of \$58,206. According to the report, the combined effect of the media plan would reach potential tourists 46 million times during the 24 weeks of the campaign. The Chamber has told council that any promotional project would be presented to council for approval before county funds would be used to initiate it.

The budget committee of county council will now meet with the Chamber representatives to review the document in detail. The committee will then make recommendations to council based on its assessment, and the council will then vote on the amount of the grant to be awarded the Chamber.

MINDEN COUNTRY MALL

It was smiles all round Saturday evening as club members and municipal politicians celebrated the official opening of the new Minden curling rink. The facility has been in use since October. Taking part in the traditional ribbon cutting were, from the left, Godfrey Saunders, Deputy Reeve Doug Pritchard, County Warden Ron Gambell, club president Don Blakey and Jim Garbutt. Both Saunders and Garbutt were instrumental in seeing the building through the crucial construction stage.

Provincial help for Lutterworth by-law threatened

Lutterworth municipal council has presented its revised zoning by-law to the Ontario Municipal Board for approval, but the provincial government has threatened to withhold funding for the project because hazard lands have not been incorporated into the by-law.

Under a provincial government program, municipalities are eligible for \$9,700 or 75% of costs accrued in updating the by-law, whichever amount is less. The cost of the Lutterworth by-law has now reached nearly \$14,000, which puts the municipality beyond the terms of government funding for the by-law.

Lutterworth planning costs have risen as a result of disagreements between council and the Ministry of Natural Resources over hazard lands and environmental protection. At a June 9 meeting with MNR representatives, council was told that hazard land mapping in the by-law was insufficient, and that provisions made for property owners whose land was rezoned as hazard land were unacceptable.

Under the provisions in the

by-law, land owners would be able to upgrade lots rezoned as hazard land. As a result of objections from MNR officials, hazard land zoning was removed from the by-law altogether along with the provision for relief. The costs of changing the by-law pushed the municipality's expenditures beyond the government funding guidelines.

The Ministry of Housing has told council that planning costs submitted by the municipality will be reduced because the hazard land zoning is not included in the by-law. The move will reduce Lutterworth's grant below the maximum \$9,700, even though their actual costs are higher. Council meanwhile has received assurance from planning consultant John McDermot that the municipality has made adequate consideration of hazard land, and has therefore complied with the province's funding agreement.

Lutterworth council will now submit a report of by-law costs to the Ministry of Housing in an effort to ensure grants from the province.

Council briefs

From the February 17 meeting of Haliburton County Council.

Land expropriation

County council has approved two expropriation by-laws to be brought against property owners in Minden and Stanhope townships. County Engineer Bill Obee told council that he has held meetings with the landowners affected by the expropriation, but that he could not reach a settlement with either landowner over the value of their homes.

Obee said that he expects one of the owners to settle with the county now that expropriation procedures have begun, but that the second owner would probably not settle at all.

Study terms approved

County council has reviewed the terms of reference for the Waste Management Study being proposed by the Ministry of the Environment. A draft of the study will now be forwarded to a list of consulting firms who will be invited to submit proposals for the study. The consultants' submissions will then be reviewed by the planning committee of county council

before council votes to appoint one firm to carry out the study.

Status

(from page 1)

would take away bargaining power from the county, since it would give the province the initiative in making up the proposals for the change.

Fearrey added that dropping the provisional status, though it would not be a major change, could bring a courthouse to the county. He told council that he expected the courthouse, if approved by the provincial government, would be built in Minden since it is the county seat.

Fearrey and Lutterworth Deputy Reeve Glynne Lewis put forward a motion to go ahead with a request for the provincial government study. The motion, which was passed by council, requests that Minister of Municipal Affairs Claude Bennett and Education Minister Bette Stephenson provide a full account of the move to adopt full county status.

Petition supports radio station

A petition supporting the FM radio station in Cobourg, CFMX, is being circulated in Haliburton County.

The radio station, which played mostly classical music, has been closed by the Canadian Radio and Television Commission. The CRTC is considering an application from another company to broadcast on the same frequency, with a change in format to country and western and religious programming.

The petition was started last week by Haliburton County Echo editor Len Pizze. The petition states that the station has been meeting the needs of residents of this county who do not have easy access to classical music programs either through live concerts or other radio broadcasts. It points out as well that the service being suggested by the new applicant is already being provided by various stations received in the county, whereas the classical music format is limited to CFMX.

Since the station was closed, a ground-swell of support for its continued operation has been growing. Victoria-Haliburton MP Bill Scott has indicated his support for the radio station and stated earlier this month that many residents of the riding have also expressed concern that the station has been taken off the air.

The degree of protest and the impact on the CRTC will be known March 30 when a special hearing is held in Cobourg to decide the future of the station. The petition in support of the station must be received by the CRTC by March 10 so those wishing to indicate their support by signing the document are urged to do so within the next week.

Copies of the petition will be located at the Echo office in Haliburton, and The Times office in Minden.

editorial

Sharing the cost

Haliburton County Council heard an impressive presentation from the Chamber of Commerce last Wednesday. Representatives of the county-wide organization appeared before the politicians to submit their budget requirements for the coming year.

The requests represented a massive increase in funding for tourist promotion. The Chamber asked for \$28,000 toward the administration of the newly-created tourist and convention bureau, \$10,050 for the marketing plan of the bureau and a drawing fund of up to \$60,000 to finance "highly visible promotional efforts". \$98,050 in total. The Chamber expects to earn \$18,000 in membership fees in 1982.

We support the need for greater county participation in the promotion of the Highlands as a destination for tourists. Tourist traffic forms an important part of our economy. We are also pleased to see the Chamber presenting a plan with long-term objectives in county promotion.

However, we feel the Chamber is relying too heavily on the public purse for its plans. The county should be making a serious contribution to any promotional effort, but so should those businesses which derive direct and immediate benefit from any such plan. We think it would be fair for those Chamber members to contribute at least 50% of the cost of any marketing scheme.

The county council will probably have great difficulty in finding the funds to meet even a portion of the Chamber's \$98,050 request. We suggest that they might be more easily persuaded to contribute if they saw that those who stand to gain the most were willing to provide at least half of the cost.

Wise choice

The County Council has made a wise choice in asking the provincial government to report on the implications of a change from the present provincial status to a full county for Haliburton. The motion, made by Dysart Reeve Murray Fearrey and seconded by Lutterworth Deputy Reeve Glynne Lewis, was endorsed by the council Wednesday.

What looked like a mere change in name could have serious implications for some of the provincial grant programs which the county now enjoys. Before the change is requested all members of the council should be aware of the possible ramifications. Asking the provincial authorities for clarification will ensure that indeed is the case.

Chipper

Grants below inflation rate

by John Eakins, M.P.P.

On January 28, the provincial government announced the 1982 provincial grants to municipalities. These are deficient in several respects, and the shortcomings will become very apparent as the impact on specific localities is felt.

The grants total \$2.34 billion, an increase of 10.5%. This means that, for the third consecutive year, grant increases are below the annual rate of inflation, now close to 13%.

Obviously, municipalities will be forced to either raise taxes above the inflation rate or cut back on services. Some have already laid off staff or allowed positions to remain vacant.

Local impact of the grants will be uneven.

For example, some municipalities do not provide their own policing; therefore, they will not be affected by the fact that per capita police grants are unchanged, at \$12 for local police and \$17 for regional forces. The overall increase in grants may be

greater for such municipalities.

However, where policing is provided by the municipality, the financial burden will be sharply increased, as salary increases may range from 10% to 15% in 1982. It is my belief that the municipal police forces should be receiving the same per capita grant as regional police forces. As a result of the \$12.00 not being raised, tax payers of the town of Lindsay will have to pay an additional \$200,000 in 1982.

Cities spending heavily on roads and policing will be very disadvantaged, possibly averaging only an 8% increase in transfers.

Responding to the government's announcement, the Association of Municipalities of Ontario has made it clear that, while the need for fiscal restraint is recognized, municipalities are facing costs which will rise at a level at least equal to the current inflation rate.

Once again, the provincial government has chosen to ignore the municipal

Old Man Winter took a breather this morning, loosening his icy grip just long enough to turn our thoughts to spring. The thaw was announced not only by the silvery sound of dripping icicles, but also by the throaty whistle of a male cardinal proclaiming that this neighbourhood is his.

According to the textbooks, cardinals are supposed to sing year-round, but in the depths of a Canadian winter, it seems to take a mild spell to bring on the songs. Some authors have speculated that the brilliant red cardinal has a namesake in the cardinals of the Roman Catholic church, who are distinguished by their scarlet robes. However, the repertoire of songs of this bird, some 28 in all, are decidedly un-church-like. One version sounds for all the world like the classic "wolf whistle" aimed at a pretty girl; another sounds much like a neighbour calling in the dogs

Cardinals are relatively recent immigrants to Ontario, and they continue to push their range northward. These "rebirds" originally were common in the southeastern U.S., and still are a familiar resident of the plantation towns and hedge rows of that area. In fact, it is the state bird of no less than seven states - Illinois, Indiana, Kentucky, North Carolina, Ohio, Virginia, and West Virginia.

Once cardinals become established in an area, they seem to be year-round residents with very little migration. The rise in popularity in bird-feeding has been cited as a factor in allowing cardinals to survive harsh winters and expand their range. Another factor is diet, since their heavy beaks are well-suited for cracking winter seeds. Cardinals also feed on various insects and fruits in season, making them a mixed blessing around your garden.

Letters

Editor:

Hats off to Yvonne Guida, who is doing such a marvelous job as reporter of events in and around the county town.

It is always a pleasure to talk to her and she is always ready, no matter how busy, to give you her time.

The whole world would be a better place if only we had more like her. Again, hats off

to Yvonne. I wish you the best and God bless.

Velma Harrison,
R.R. 1 Haliburton.

Editor:

Since the announcement of the C.R.T.C.'s decision to deny renewal of the broadcasting licence for CFMX-FM in Cobourg, I have

Letters

received a number of letters and calls from concerned individuals voicing their opposition to the cancellation of this station's licence.

The C.R.T.C. will hold a public hearing beginning on March 30, 1982, 9:30 a.m., at the Lions Community Centre, Elgin Street East in Cobourg, to hear representations from the general public and also to receive and consider applications for a licence to

Letters

operate on that frequency from other interested parties.

Anyone wishing to comment on an application and/or appear at the hearing should write/call the C.R.T.C., Ottawa, telephone 819-997-1027 or 997-1328, or contact myself for further information on the general procedures to be followed.

Carnival capers

by Staff reporter David Swail

The Haliburton Rotary Club annual winter carnival came off in fine style last weekend. The weather was excellent for the three day celebration and the crowds were enthusiastic at every event on the schedule.

The Rotarians introduced a lumberman's competition this year, and an appreciative crowd turned out Saturday afternoon at the baseball diamond to watch competitors battle it out in cross-cut sawing, chain sawing, axe cutting and, to finish off, a chain saw chair making competition.

Carnival spectators worked up a big appetite taking in the action. Both Saturday's pancake breakfast and spaghetti dinner were a big success and people had to be turned away from the Saturday night dance at the Haliburton Legion.

The weekend's activities wound up at the arena with the Haliburton Huskies taking on the Huntsville Huskies before a jubilant hometown crowd. The carnival couldn't have had a more appropriate finish: Haliburton beat Huntsville 5-4 in the final period of play and the crowd went wild.

Some of the fun of the Haliburton carnival can be seen in the photographs on this page.

from the chamber

by Bob Stinson

Some of you may remember that our Economic Development Commission spent considerable time and some money in trying to track down the possibilities of expanding on the maple syrup industry base that now exists here. A study was done to look into the possibilities of a central evaporator plant so that those with sugar bushes could have their sap processed there rather than boiling it themselves.

The study was inconclusive because the sap quality and quantity can fluctuate so widely at the whims of the weather. The capital cost was high and the return was questionable. The consultants did suggest further studies be done but no funds were made available and it looked as though it may have all been an exercise in futility.

During the deliberations however, it was found that a new process in sap processing was well into the development stage. The consultants had difficulty dealing with this process since it is called reverse osmosis and through its innovative methods the water is removed from the sap without boiling and it is, of course, by comparison extremely energy efficient.

Wally Croft at the Iron Kettle near Ingoldsby has completed arrangements to install a reverse osmosis system at his establishment. The system is made in Ottawa under the name of Mentek. It is the first machine of its kind made specifically for maple syrup production and has been developed in co-operation with the National Research Council and both the federal and provincial governments. The installation is a pilot project and will be viewed with considerable interest by syrup producers from all over the country.

This production method is expected to revolutionize the maple syrup industry and we can be certainly proud that it is being pioneered right here in the Highlands by the Iron Kettle. Wally advises us that he should be able to demonstrate the machine in about two weeks and would be pleased to do so for anyone

who has an interest in the project.

Happy Birthday Walter

We have just been advised that Walter Noice, the first secretary - manager of Haliburton Highlands Chamber of Commerce, is celebrating his 87th birthday this Saturday. The community owes Walter and those who worked with him, a great debt of gratitude for the groundwork they laid to provide us with this organization.

We sincerely hope that Walter is with us for a good many more years to see the Chamber attain the goals they envisioned for it.

Minden to get Lottario

Lottario is coming to Minden.

According to Mike Vuksic, operator of Mike's Milk in Minden, the computer lottery game should be installed in the near future in his local outlet.

"I received word this week that our request to have the machine here has been confirmed," Mike commented. "While I don't know exactly when the provincial lottery authorities will install the equipment, it should be in the very near future."

Mike's in Haliburton has been the only Lottario outlet in the county since the lottery was first introduced a number of years ago. According to Mike, the game is more popular than any of the other lottery schemes currently being offered.

Under the lottery rules, players select six different numbers between one and thirty-nine. Each week a computer selects the winning combination of numbers and if a person has selected those numbers, they win the jackpot. If there is no jackpot winner, the money is held for the next week's draw.

Tickets for Lottario are \$1.

Third period blues hurt Huskies effort

The Huskies continue to suffer from a third period scoring drought as they dropped two games in last week's action before coming up with a big game at home Sunday for a rambunctious carnival crowd.

The Haliburton squad lost two back-to-back games to Gravenhurst after holding the Indians to a tie in the first two periods of both games. Despite the losses, though, the Huskies put in a strong game against Huntsville Sunday afternoon to keep alive their hopes for a third place finish in their league.

The Huskies met the Indians in a make-up game Wednesday night in Haliburton and went down 7-3 after the Indians racked up four unanswered goals in the final period of play. The teams were tied at a goal at the end of the first period after Scott Arbuthnot connected on a power play effort from Shaun Chapman and Gary Harrison at 15:12 to tie the score.

Haliburton went down 3-1 at 12:53 of the second following two Gravenhurst goals, but at 16:12 another power play paid off for the Huskies to bring them within one.

Ronnie Yake picked up passes from Ed Roberts and Scott Arbuthnot, and 37 seconds later the Huskies tied it when Yake and Dave Nicholls fed Ed Roberts for another power play goal.

That was all the scoring in store for the Huskies, however. Coming into the third period with a 3-3 tie, Haliburton was bombarded by four straight goals from the Indians, two of them coming on power plays. Gravenhurst went up 4-3 after three and a half minutes gone in the third, and with just over a minute left Gravenhurst led it 7-3 to end the game.

The Huskies have slumped lately following a hot streak that took them right up to the first game of the year. They went from a 6-8-1 record to 14-10-1, winning eight out of ten games. Since then the Huskies have lacked finish in the third period, which has hurt them particularly against the Indians. The Gravenhurst team started the season without lustre but their small squad of only ten players has developed into a contender in recent months.

Lots of hustle

The Indians third period hustle outdid the Huskies again Friday night in Gravenhurst. Tied at three goals after two periods, the Indians netted two goals in the final twenty minutes to take the game 5-3.

Haliburton worked hard in the first period, coming up with two unanswered goals in the opening 14 minutes. Ed Roberts had the first for the Huskies at 12:41 on assists from Chris Hodgson and Rob Abbs. Then at 13:57 Dave Nicholls scored his 50th goal of the season when he connected from Ron Yake. Gravenhurst came back with two goals, however, to retire after one period with a 2-2 tie.

The second period was well-fought, with the Indians going ahead on a power play goal before Scott Arbuthnot tied it 3-3 for Haliburton at the 16:03 mark. Nicholls and Don Manary set up Arbuthnot's goal.

Gravenhurst came out flying in the third, going up 4-3 after only 30 seconds and adding the insurance at 13:53 to take the game 5-3.

Vocal support

The Huskies fared better with the support of a big home town crowd Sunday afternoon. The carnival celebrants were particularly vocal in cheering the Huskies to a 5-4 win against the rival Huskies from Huntsville.

Haliburton fought hard for a 2-2 tie in the first period after Huntsville went up 1-0 with two minutes gone. Gary Harrison tied at 3:54 from Nicholls and Shaun Chapman, but Huntsville came back again at 9:09 to go up 2-1. At 15:21 Yake racked up his 50th of the season on assists from Nicholls and Chris Hodgson. Nicholls had an outstanding game against Huntsville all around, getting three goals and two assists to lead Huskies' scoring in the hard-fought win.

The teams were tied going into the second period. Huntsville had the edge again at 5:54 but Nicholls connected at 6:26 to keep the Huskies alive, combining with Duff Mitchell and Ron Yake for the goal.

The third period was the decisive one again Sunday, with the Huskies coming out on the winning side this time. Huntsville took a 4-3 lead after a minute and a half and held on until 11:52, when Nicholls scored his second of the afternoon on assists from Don Manary and Scott Arbuthnot. Nicholls supplied the winner three minutes later, this time from Don Manary and Ron Yake. Huntsville pulled their goalie in the final minute of play, and the Huskies dug in to win

four face-offs against six attackers. Haliburton missed Huntsville's empty net three times and Chris Hodgson and Ron Yake won two face-offs each to clinch a victory that brought the Haliburton crowd roaring to its feet.

The Huskies now need two wins in their final two matches of regular season play to have a chance at a third place finish. The Huskies must beat Huntsville on the road Friday and come back to take Oro at home in order to tie Huntsville in season points.

The Huskies would then

take third place on the basis of their record against Huntsville, providing Parry Sound drops one game in their weekend schedule. Otherwise Parry Sound will push Haliburton back into fourth place, where they would forfeit the chance to choose their opponents for the first match-up of the division finals. The top three teams also win a home ice advantage to start the playoff series. Bracebridge and Penetang, meanwhile, are undisputed in the top two spots in the Junior 'C' division.

Police searching for hit and run driver

Minden OPP are still searching for the driver of a black pick-up truck that caused \$1,000 worth of damage to a Toronto man's car near Haliburton Sunday night.

John King, 51, was driving his 1981 station wagon on

Dover Spring Road Sunday at 7:15 p.m. when he was side-swiped by the truck. The pick-up sped from the scene, but it is reported to have extensive damage to its left front corner. P.C. Mike Smith is investigating the incident.

Break-ins

Over \$2,000 in cash and property was stolen in three separate incidents in the Highlands last week. Thieves entered a farmhouse on Highway 121 south of Minden Saturday night and removed a television set, stereo equipment, liquor and other goods that have been valued at \$1,630. The owner of the home, Ken Soehner of Agincourt, reported the theft to Minden OPP. Constable Mike Smith is investigating.

The K & W restaurant in Minden was burglarized sometime on the night of February 19. Owner Molly Lawson told Minden OPP that an unknown thief broke a window, entered the restaurant and removed \$100

in cash. P.C. Barry Connelly is investigating the theft.

The Haliburton Curling Club was hit by thieves Monday February 15. Gordon Woolsey reported to OPP that \$435 had been removed from the bar at the club.

Strikes snowbank

Six teenagers from the Minden and Carnarvon areas were slightly injured in an automobile accident on Highway 121 early Saturday morning.

Shane Blakey of Minden lost control of his 1978 Pontiac east of Ingoldsby at 1:00 a.m. Saturday and struck a snow bank with the vehicle. The six passengers, Lori Dunham, 14, Werna Blakey, 15, Dale Allison, 15, Shiela Wilson, 15, Rhonda Wilson, 14 and Susan Ballantyne, 14, were all shaken up by the impact of the crash, but no one was seriously injured.

Constable Wim Magee charged 18 year-old Blakey with careless driving.

Teachers attend seminars

On Monday, February 15, all teachers of the elementary schools in Haliburton County met at the Senior Elementary School for a day of professional development.

The programme was organized by Betty Perugino and Margaret Valentine of Women Teachers' Federation, and Ted Reid and Dennis Baker of Men Teachers' Federation.

The morning session began with an enlightening talk by Jim Leonard, of the Ministry of Education, on Bill 82.

Two sessions were offered in the afternoon.

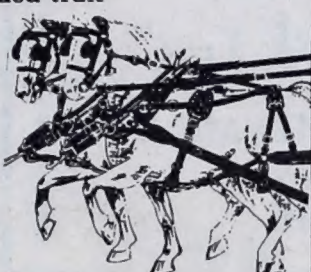

Audrey Bales of Ottawa spoke on "Daily Physical Education". Why the shift is taking place to increase the amount of physical activity children take part in and how teachers are going about it was discussed.

Steven Moore's speech, "Maintaining sanity in the classroom," was based on the philosophy of Rudolph Dreikier. Mr. Moore spoke of dealing with children and classroom management.

puck talk

Tyke

The Minden Tykes overpowered their counterparts from Huntsville Saturday, defeating the hosts by a 12-1 margin.

Greg Ackerblade and Jeremy Phillips each scored three goals, while David Ackerblade and Derek Greer each notched a pair. Chad Connelly and Jarrett Campbell picked up singles. Cameron Berry earned the shut out for Minden. T.J. Lee also turned in a good game for the Tykes.

Novice

Minden Novice have lost the first game of a best of three series against Fenelon Falls, being edged out 3-2. Kevin Buchannon scored one goal for Minden with the assist going to Robie Ackerblade. The second tally was claimed by Ackerblade, unassisted.

Atom

It was Sunderland 12, Minden 2 in the Tuesday Atom game in Sunderland last week. Scott Russell notched both goals for Minden with Lee Raback assisting on both efforts. Tom Heppleston was awarded an assist on the first goal as well.

Back in Minden Thursday, in a continuation of the

round-robin play-offs, Minden defeated Bobcaygeon by a 4-1 score. Scott Russell again proved to be the goal getter for Minden, picking up three. Assists on his goals went to Mike Hughes, Tom Heppleston and Joey Boyle. The fourth Minden goal was scored by Kent Taylor, assisted by Heppleston and Raback. Lorne Greer was in net for Minden.

Orono defeated Minden 7-1 in a game played Saturday at Orono. Scott Russell scored Minden's only goal, unassisted.

Rounding out a busy week for the Minden Atoms, they were defeated by Orono in Minden, Sunday 9-4. Scott Russell scored three goals, two unassisted, and one with the help of Tom Heppleston. The other Minden goal came from Mike Hughes with assists to Joey Boyle and Kent Taylor.

This ends the Atoms round robin play-off series. The team closed the series with a 2-5-1 record.

Pee Wee

Minden Pee Wees defeated Sunderland 8-4 Thursday in Minden. Scoring for the Monarchs were Scott Russell with three, John Wells and Tom MacLeod a pair each,

and a single for Gord Wood, unassisted.

Jim Riorden was in the nets for Minden.

Saturday afternoon in Bewdley, the Minden squad went down to a 11-5 defeat at the hands of the Rice Lake Islanders. Scoring for Minden were Tom MacLeod and Gord Wood with a pair each and Trini Elias with a single.

Back in Minden Sunday afternoon, the Islanders once again defeated Minden, this time by a 11-2 margin. Derek Allison and Tom MacLeod both scored for Minden.

This leaves the Pee Wees with a one win, five loss record. They still have two games to play in the series.

Bantam

Tuesday, February 16, Jeff Howe scored the only goal for Minden as they continued their round robin play-offs. The team was defeated by Orono 9-1.

In Bewdley Saturday afternoon they were defeated 6-5. Scoring for Minden were: Greg Newell with a pair, Glen Hall, Jeff Howe and John Ballantyne with singles. The team was handicapped in that they were short the services of tall defenceman Paul Walker.

The Bantams have four games left to play in their round robin series. At the moment they have a record of two wins and four losses.

Midget

In round robin play-off

action, Minden was defeated by Orono 8-5 in a game played February 15 in Orono. Scoring for Minden were Scot Hamilton with three and Andrew Shapiera with a pair. Returning to home ice Tuesday evening, the team was defeated 9-1 at the hands of Bewdley. Tim Wood picked up the only marker for Minden.

Sunday afternoon Minden and Bobcaygeon played to a 4-4 tie. Scot Hamilton scored three goals, once again, with John Dillon notching the remaining Minden marker.

The Midget record now stands at one win, four losses and a tie with four games left

to play.

Juvenile

The Minden Juveniles have been eliminated from further play-off action after being defeated 4 games to two in the best of seven series against Millbrook.

Millbrook opened this week's action with a 7-4 overtime win February 15 in Millbrook.

The second win came Friday in Minden when the visitors defeated the Juveniles 7-3. Jeff Stamp, Kevin Hamilton and Scot Hamilton handled the goal scoring chores for Minden.

The crunch came Monday evening when Millbrook defeated Minden 6-3 to claim the series.

The schedule

Saturday, February 27 - 1 p.m. Huntsville Tykes at Minden.

4 p.m. Orono Pee Wees at Minden.

5:30 p.m. Bobcaygeon Bantams at Minden.

7 p.m. Orono Midgets at Minden.

Sunday, February 28: 4:30 p.m. Bewdley Bantams at Minden.

6 p.m. Sunderland Midgets at Minden.

The Minden Midget goalie dives for the puck during a crucial moment in the game against Haliburton Saturday afternoon. The action was part of the Tim Harrison memorial hockey tournament held at the Minden arena. Georgetown emerged victorious, defeating Haliburton in the final game 4-1.

Haliburton defeated in final of tournament

Georgetown edged out the Haliburton Midgets to capture top honours in the seventh annual Tim Harrison Memorial hockey tournament Saturday at the Minden arena. The championship game saw the Haliburton squad go down to a 4 - 1 defeat.

Minden had advanced to the semi-finals in the championship round after defeating All Saints of Peterborough in the opening round 5 - 1. In the semi-finals, Minden and Haliburton faced each other in an exciting game. The Haliburton team came out on top with a 2 - 1 score.

Winner of the consolation championship was St. Annes of Peterborough. They defeated All Saints, 5 - 3, to take the hardware.

Andrew Shapiera led the way for Minden in the opening game scoring two goals in the first period to give the team a commanding lead over All Saints. In both efforts Greg Newell and Scot Hamilton picked up the assists.

The only goal of the second period came off the stick of Tim Wood for Minden. His goal came on a power play and was unassisted.

Jeff Stamp scored for Minden in the third frame with assists going to Rob MacLeod and Doug Schell. The visitors managed a single midway through the period on a power play, but it was not enough to give the team the

momentum it needed. Before the game ended, Minden tallied again, this time Greg Newell scoring on a pass from Andrew Shapiera and Tim Wood, a power play effort. The All Saints were outshot by Minden 36 - 7. The visitors picked up 27 minutes in penalties while Minden was assessed 14.

The Haliburton team dominated the scoring in the opening minutes of the second Minden game, scoring two goals in the first period and hanging onto that lead until just before the final buzzer. Steve Smith scored from Scott Rae and Drew Bishop at the 4:03 mark of the opening period. Bernie Upton added the other marker at 8:16, on a pass from Barry Boice and Kelly Mitchell.

There was no scoring in the second period. It wasn't until the 8:49 mark of the final period that Scot Hamilton connected for Minden to break the shut-out. He was unassisted.

Minden outshot Haliburton 20 - 14 but were simply unable to get the puck past the Haliburton goalie.

In the opening Haliburton game against Port Hope, Scott Mitchell sustained a broken ankle and was taken by ambulance to the Minden Red Cross Hospital. In that game, the Haliburton team defeated Port Hope 5 - 2. Scoring for Haliburton were: Jeff Bain from Scott Rae and Steve Smith; Steve Smith from Jamie Bennett and Scott Rae; Barry Boice from Steve

Smith and Scott Rae; Scott Mitchell from Kevin Warburton; and Scott Rae unassisted.

Georgetown opened the scoring in the championship game against Haliburton, connecting at the 5:09 mark of the first period. Less than two minutes later the Haliburton team evened the score with Scott Rae scoring on a pass from Kevin Warburton and Kelly Mitchell. There were some tense moments around the Haliburton net at the seven minute mark when Georgetown was awarded a penalty shot. Haliburton goalie Tim Deremo was able to steer the puck aside, however, and the period ended with the score tied 1 - 1.

Georgetown came on strong in the second frame scoring at the 50 second mark, at 1:18 and at 6:45. Haliburton was scoreless and the visitors had established the lead which would see them take home the championship. There was no scoring in the third period and the Georgetown team had the Harrison cup with a 4 - 1 win.

The championship trophy was presented by Norm Harrison, Tim Harrison's father. Consolation honours went to St. Annes of Peterborough who received a trophy donated by the Minden Rotary Club. This is the second year in a row that St. Annes won the consolation honours.

The two goaltenders of the Georgetown team were also named outstanding goalies of the tournament. Joe Money-penny who allowed two goals out of 44 shots and his teammate Derek Murphy, who turned aside all 12 shots sent

Norm Harrison presents the Georgetown captain with the Tim Harrison memorial trophy following the close of the championship game. The visitors defeated Haliburton 4 - 1 to claim top prize in the seventh annual tournament.

his way, received a trophy from Sean Harrison, Tim's brother.

The following is a summary of the tournament:

Opening round: Minden 5 - All Saints 1; Haliburton 5 - Port Hope 2; Woodville 5 - Brampton 3; Georgetown 5 - St. Annes 1.

Championship round: semi-finals: Haliburton 2 - Minden 1; Georgetown 3 - Woodville 0; Championship: Georgetown 4 - Haliburton 1.

Consolation round: semi-finals: All Saints 4 - Port Hope 4 (All Saints advance to finals having scored the first goal); St. Annes 3 - Brampton 2; consolation championship: St. Annes 5 - All Saints 3.

Y.B.C. - busy bowlers for Brothers

February 13 and 14 were two busy days for Carnarvon Y.B.C. bowlers. Four of them bowling Saturday morning for Big Brothers with Corinne Handy leading the way with \$91.40 in pledges followed closely by Darrell Bell with \$75.00. Richard Beers with \$36.00 and Jason Stamp with \$10.00.

Then, in the afternoon, six of them travelled to Lindsay to bowl in the Pepsi Challenge - Corinne Handy, Richard Beers, Darrell Bell, Eric Johnson, Dave Bell Jr. and John Fountain. Although

they all bowled well, only two of them made the teams. Corinne Handy for the mixed team and Darrell Bell for the boys team.

Then on Sunday, February 14, some of the bowlers travelled to Ajax for the 4 Steps to Stardom to bowl in the singles event. Doug Jackson and Laura Patton both placed tenth in the bantams. In the Juniors Darrell Bell placed third. Jane Anne Conway placed second and Dave Bell Jr. placed sixth in the seniors. Corinne Handy ended up in fourth place, missing third by one pin.

Its Home against Hartwick in final

It will be Home Hardware and Hartwick Construction in the finals of the Minden Men's Recreational Hockey League. The two finalists were decided Monday evening in the second games of the semi-final, best of three, series.

Home Hardware, led by Dave Willis with a hat-trick, defeated Hall's Insurance 11 - 6. Bill Leary picked up a pair for the Hardware team.

In the other contest, Hartwick Construction surprised most observers by

coming up with their second straight win in the play-offs, defeating Rockcliffe Hotel 11 - 7.

Both semi-final series were completed in two games.

Home and Hartwick now enter a best of five series to determine the play-off champions for the season. Hall's and Rockcliffe will also face each other in a similar consolation final. The first game next Monday evening starts at 7 p.m. Spectators are welcome. Admission is free.

senior league

by Bert Harrison

John Burgess held the service in the chapel on Sunday night, with the Harold Thompsons taking part. They are so faithful, bless their dear hearts.

Monday morning fun and fitness in the auditorium, where we exercise our stiffening joints and have a lot of fun. Ladies in the craft room, Monday afternoon, stitching, sewing, knitting - they should be caught up soon. We watched two movies Monday night - "Our land of Natural Imperative" and "Edge of Evolution" - one hour's entertainment, and a nice contribution.

Tuesday morning Reverend Miller took the service in the chapel here. Fred Ballard played for singing; you know Fred is a dear. Mr. Miller spoke on the power of prayer. We were so glad to see so many there. There is a poem, which goes like this:

Prayer is the soul's sincere desire,
Uttered or unexpressed.

The motion of a hidden fire,
That trembles in the breast.

Prayer is the burden of a sigh,
The falling of a tear,

The upward glancing of the eye
When none but God is near.

Tuesday afternoon was bingo in the auditorium. Then Tuesday evening the Alton brothers came to play and sing for us, and really made things hum. We thank them both for coming and to enter-

tain us so. We enjoyed every minute, until they had to go.

Mrs. Kimble sang as the boys played. She has a lovely voice, and really had it made.

We welcome Mrs. Bannon to Hyland Crest. We hope that she will like it here. I'm sure she'll fare the best.

Wednesday night is games night here at Hyland Crest, and to beat our opponents, we sure do our best.

Thursday afternoon is tea party time. We are never left in the lurch. This week it was the ladies from Ingoldsby United Church. They brought us in a lovely lunch, and served it up so fine. We thank you all for coming, and giving of your time. It is bingo time here each Thursday night. The Kinsmen Club of Minden put it on, and do the job up right.

Friday Mrs. Coburn and Fred Ballard came to play and sing, and found very few in sight - all were gone to rest up for the show at night. We had our formal Valentine dinner here. What a lovely dinner served to us just right.

Thanks to our cook, and kitchen staff from country or from town, who always serve us faithfully, and never let us down.

I'll tell you something else now - this is on the level. We were royally entertained by Nancy Picard and Peggy Neville. To end a lovely evening here at Hyland Crest everybody did their part, and gave us of their best.

Until next week.

Minden W.I.

The meeting of Minden Women's Institute was on February 17 at the Library Cultural Centre with Mrs. L. Cox, vice president, in charge. Mrs. Don Berry very capably introduced the speaker, Bill Kulas of the Red and White Store. His topic was "Food Marketing in General" and also his own experience in setting up their new store. A question and answer period followed with some good replies to our queries. Mrs. A. Kernohan thanked him and gave him a small gift and all responded with hearty applause.

The Card Report by Mrs. Bill Moore showed that 26 cards were sent since the last meeting and collections for this Fund and Pennies for Friendship were taken.

Plans were made for going to the Bazaar Workshop at Fenelon Falls on Tuesday, March 9 with drivers Mrs. D. Berry and Mrs. J. Lacey.

The quilt blocks, which Mrs. S. Briggs had made, were shown and one was selected to be sent in and Mrs. L. Cox has made a nice pair of slippers; thanks to both these ladies.

Complaints regarding no dry good in Sears Catalogues may be given to the local

office and then go on to the company.

Next meeting will be at the same place at 2 on March 17 with all ladies welcome.

After the adjournment, the ladies on the lunch committee served a delicious lunch, and a social half hour followed.

Corporation of the Township of Lutterworth

NOTICE

All dogs are required by law to be tagged. The fee for each licence tag is \$5.00. 1982 Dog Licences and Tags are now on sale at the Municipal Offices, located approximately 3 miles south of Minden, Ontario, on Highway No. 35, or from the By-law Enforcement Officer.

Further take notice that charges may be laid at any time after May 1st, 1982, for any dog not licenced and tagged according to law. Charges may be also laid if a dog is found running at large whether tagged or not.

Wayne D. Hughes,
Clerk—Treasurer.

Reunion planned for 'Hal High'

Two former students of Haliburton Highlands Secondary School were glancing through a year book recently when the inevitable question arose: 'Where are all these people now?'

That's how the first - ever high school reunion for "Hal High" was born. Pat Ackerblade and Derinda Hewitt are now going all out to rally support for the idea, and they're counting on fellow

Highlands residents to come through.

Misses Hewitt and Ackerblade were both at Haliburton Secondary in 1970-71 along with 500 others; they are trying to search out each and every one of them, and including spouses and friends they hope to see as many as 1,000 at the school Saturday, May 22, when the reunion is slated to take place.

Derinda Hewitt has big plans for the event, and as a

former Miss School Spirit ('70-'71), she knows how to muster enthusiasm for her ideas. Of the 36 teachers on staff in '70-'71, 11 are still at the school, and Pat and Derinda have engaged their help in spreading the word. CKLY Radio in Lindsay has been airing announcements of the reunion, and both Derinda and Pat have started a vigorous phone campaign that will continue for the next three months.

The two women have plans for a beer garden at the arena, and they're approaching both Kinsmen and Rotarians in Haliburton as sponsors. There are also plans for a parade, and of course a 60's dance at the school for Saturday night; George Gudgeon has already volunteered his services as DJ. Principal Dale Robinson, who taught history at the school in '70-'71, is turning over the building to the girls for the May 22 event. The

halls, the gym and the cafeteria will all be thrown open to receive alumni from all parts of the province.

Proceeds from the festivities will be put to a noble cause. Hewitt and Ackerblade plan to use the \$4 per person fee to pay for the event and help finish the new tennis court at the school. The Haliburton Board of Education has also pledged support to complete the court, which is scheduled to be finished in September.

There is only one ingredient missing to ensure a good turn out for the reunion, and that's a big response from former students. So if you were anywhere in the vicinity of Haliburton High in '70-'71, whether in class or hiding out outside, in grade nine or thirteen, call Derinda Hewitt at 286-2547 or Pat Ackerblade at 286-1408, and come and see what happened to all those people who are sitting in a year book on your shelf.

Requests delay in new values

The Regional Assessment Office has indicated to Lutterworth council that the municipality should adopt 1980 property values for taxation purposes by 1984. The government request comes on the heels of a recent province-wide reassessment that went into effect last year.

Lutterworth county, which currently taxes according to 1978 property values, moved at its February 18 meeting to delay the reassessment until 1983, although the municipality could proceed this year. The new assessment will require additional personnel and increased costs to the municipality. Lutterworth council is also still considering several appeals from property owners who have objected to the reassessment introduced last year.

The provincial reassessment program is aimed at bringing all municipalities up to 1980 property values by 1984. While most municipalities currently tax property owners according to 1978 values, some still operate on 1975 figures. The province is

recommending that municipalities using 1975 values reassess to 1980 values this year.

Once all municipalities have introduced 1980 assessments, the province can make regular adjustments without separate reassessments in each municipality.

NOTICE

IN THE MATTER OF the Municipal Act, and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to adjoining landowners part of the former travelled Old Twelve Mile Lake Road situate in Part of Lot 13, Concession 11, Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 443 of the Municipal Act R.S.O. 1970, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on WEDNESDAY, MARCH 10th, 1982 at 9:00 A.M. proposes to consider and, if deemed advisable declare its intention to pass, following appropriate statutory notice to the Clerk of the County Council of the Provisional County of Haliburton, a By-law to stop up, close and convey the above-noted portion of roadway more particularly described as follows:-

All that part of Lot 13, Concession 11, in the Township of Minden, in the Provisional County of Haliburton, designated as Parts 1, 2 and 3 on a Plan of Survey by H.C. Bishop, O.L.S. dated December 18, 1981.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 10th day of February, 1982.

Mrs. Elinor Burke, A.M.C.T.
Clerk-Treasurer
Townships of Anson, Hindon and Minden
Box 98, Minden, Ontario KOM 2K0

The plan of survey referred to herein is available for perusal at the Municipal Offices during normal office hours.

around the county town

by Yvonne Guida

Bert Harrison of the Hyland Crest Senior Citizen's Home celebrates his birthday on Tuesday, February 23. A very happy birthday and many happy returns Bert.

A very happy birthday to my father Walter Noice who celebrates his eighty-seventh birthday on Sunday, February 28. Many, many happy returns of the day Dad, with much love from your daughter.

On Monday, March 1, the Senior Citizens will hold their monthly meeting in the Common Room of the Minden Cultural Centre at 7:00 p.m.

Colin Hewitt had a nice visit with his mother Mrs. Ern Hewitt this weekend. Colin graduates this year from the University of Toronto.

The County Council appears to be still in somewhat of a dither over the removal of Provisional from the title of the County of Haliburton.

Mary Currah, Gelert, spent a few days this week with her brother-in-law, Robert Knox, of Oshawa.

I am sorry to report that Larry Langman of Toronto, passed away last week after a brief illness. Larry was the son of Bill Langman and the late Phyllis Langman of Maple Lake. He is survived by his father, his wife and two children. Our deepest sympathy goes to his family and friends.

Mrs. Irie Barry of Maple Lake is still confined to Peterborough Hospital, but is doing nicely and everyone hopes she will soon be home again.

Mr. Harold Harrison spent a very pleasant weekend with his parents, Mr. and Mrs. Elmer Harrison of Maple Lake.

Mr. and Mrs. Keith Harrison and family of Oshawa, visited with his family at Maple Lake last weekend and had an enjoyable time.

Gloria Lemieux gave a beautiful baby shower for Mary Ann Corvinelli (nee Dollo) last Saturday afternoon. The decorations were in blue with many lovely gifts in a cradle for the baby. Sandwiches, cake and coffee were served. We, with all the guests at the shower, extend our good wishes to the mother and father.

The Thrift Shop at St. Paul's continues to do well. Don't forget it is open every Friday, so take advantage of the great buys.

Another reminder of the beautiful chocolate eggs Barbara Trocewicz and Leone Skead will be making for Easter. Hand decorated, they are only \$1.00 a piece and will certainly add to the Easter festivities. Contact Barbara at 489-2223, and Leone at 286-2663.

At the meeting of the County Council last Wednesday, Kirk A. W. Wipper, President of the Kanawa International Museum, gave a very informative talk on Camp Kandalore. The camp is located north of Carnarvon and could be very important to Haliburton as a tourist attraction. This camp has many artifacts, representative of Indian watercrafts, canoes, dugouts from the whole of Canada as well as Eskimo watercrafts from the Arctic. Also bits and pieces which could be used to construct a pioneer village. It is hoped that it can be preserved in its native state for all to enjoy.

Mrs. Marj Anderson is at present a patient at Minden Hospital. We wish her a speedy recovery and hope she will soon be home again.

Frank Waters, formerly of Minden is in Toronto General Hospital after undergoing surgery. He is doing well and hopes to be home soon.

The Curling Rink at the Community Centre was officially opened last Saturday evening. It was a nice affair with both Reeve of Lutterworth, Ron Gambell and Deputy Reeve of Anson, Hindon and Minden officiating.

There was a large turnout for the Retirement Party and Dance held at the Community Centre last Saturday evening for Austin Henderson of the Ministry of Natural Resources. One hundred and forty people turned out to enjoy the festivities and to wish Austin well. Our good wishes to him too.

The St. Paul's Parish Mini Card Party winners are as follows - Cribbage - Joyce Hewitt and Lil Porter. Euchre - Irene Houghton and Shirley Elcome. On a cut - Shirley Hewitt.

Please do not forget the exhibit that was mentioned in last week's column to be held at the Agnes Jamieson Gallery, based on memorabilia from Minden and vicinity. If you have any photographs, paintings or clippings from the area that would be of interest, we hope you will lend them for the show. We hope to start collecting for the exhibit about the beginning of April. Margo Ziorjen and I will collect the items in our

respective homes. Margo can be reached at 286-1216 and you can reach me at 286-2539. It should be a wonderful exhibit and of interest to all so please think about it and see what treasures you can come up with.

May I again remind you of the free movies to be held on Friday, February 26 at the Minden Cultural Centre. Movies for adults will be shown from 2 to 3 p.m., and the movies for children will be shown from 7:30 to 8:30 p.m. The movies are all well worth seeing, documentaries for adults and cartoons for children. Do take advantage of this free entertainment.

Dr. Helen Plinkiewicz, a dear friend for many years gives the following recipe for a delicious Christmas bread. (To be enjoyed in any season) Helen received her doctorate from Columbia University, was Music Director of Stewart School, Garden City, for 39 years, is listed in Who's Who in American Education and is an advisory Member of the Education Committee of the Metropolitan Opera Guild, among other credits. Jule Kake - 1 cup milk, 1/2 cup sugar, 1 teas. salt, 1/2 cup shortening, 2 pkgs. active dry yeast, 4 1/2 cups sifted flour, 1 1/2 tsp. ground cardemon, 1/4 cup raisins, 1/2 cup chopped citron, 1/2 cup chopped almonds, 1/2 cup warm water. Scald milk, stir in sugar, salt and shortening, cool to lukewarm. Measure water into a large mixing bowl, sprinkle in yeast, stir until dissolved. Stir in lukewarm milk mixture. Add 2 cups flour, beat thoroughly. Cover and let rise about 30 minutes or until double in bulk. Punch down. Stir in cardemon, fruit and nuts. Stir in remaining 2 1/2 cups of flour. Turn dough out on floured board. Knead until smooth and elastic. Place in greased bowl. Brush with shortening. Cover and let rise about 55 minutes. Punch down. Form into ball and place on large greased baking sheet. Cover and let rise. Bake at 400 degrees for 10 min. Reduce heat to 350 degrees and bake 40 minutes longer. Cool, frost and decorate as desired.

WIN
A

fill out a ballot
today at the
Minden outlet.
Hwy. 35

Written for all children large and small.

Stuff and Nonsense

Spice is nice
And so is ice.
A pinch of snuff
Is quite enough.
Better still than red
bandanas
Are lovely yellow, ripe
bananas.
Through the looking-glass
so small
I am really ten feet tall!
Is the Hatter really mad?
If he is it's very sad.
All the rest have thirty-one
And I've only just
begun.
Down the rabbit hole, let's
go
Hurry up now, don't be
slow!
Though I'd like to make it
clear
It's too foggy now I fear.
Jack went by so quick and
nimble
Can you really thread a
thimble?
Would you like this lovely
squash?
Betsy, please bring in the
wash.
Tweedle-Dee and Tweedle
-Dum
Now I cannot do that
sum.
Look - There goes a shoot-
ing star
Come and catch it in a
jar!
Just before you get up tight
I'll say thank you, and
good-night!

Yvonne Guida

**THE MARCH
IS ON!
ABILITY FUND**

lines from lutterworth

by Jean Lacey

Hi! It has been quite mild, which is nice, but all that white stuff that was dumped on the weekend just replaced all that we had lost through the week. And that means more shovelling, it's getting to be quite a chore finding a place to put all that snow.

So pleased to hear that Mrs. Bedlington is able to walk around a little, in the Hospital. We are praying that she will be able to get home soon.

This week your local library will have two hundred new books for you to read. There will be something for everyone so support your library, it doesn't cost anything.

Don't forget the first General meeting of the Minden and District Horticultural Society, Tuesday, March 2. Please come and bring a friend.

Mrs. Porter and her friend Hilda spent a day in Peterborough last week.

There is quite a controversy over the proposed deletion of the word 'Provisional' in the name Provisional County of Haliburton. We hope it is resolved to everyone's satisfaction.

There is an Agriculture meeting on Wednesday, February 24. Please be there as you will find out about the convention at the Royal York last week.

Mr. Kirk A. W. Wipper

spoke to County Council last week. He spoke about the Kanawa International Museum. It is a canoe exhibition, the only one of its kind in the world. With all the equipment they have it could be made into a pioneer village with a log house hotel. The Ontario government wants to close it down.

We need all the local attractions, we can get to bring the tourists in. I hope the government will be persuaded to reconsider.

Hint of the Week

Ready-to-use upholstery cleaner - Shaving cream is one of the most useful upholstery cleaners for new stains and ordinary dirt. Make your own by mixing 1/2 cup mild detergent with 2 cups boiling water. Cool until it forms into jelly, then whip with a hand beater for good stiff foam.

You're getting older when your back goes out more than you do.

Kids Korner

Why does a policeman wear a blue hat?

To cover his head

What do they call a person who doesn't laugh at my riddles...and also someone who does?

A moron

What is the name for an older person who keeps your mother from spanking you?

A grandparent

Bye for now. Take it easy. God bless till next time.

**ARE YOU HEATING
THE OUTDOORS??**

**ONTARIO HYDRO'S
MINDEN OFFICE**

will be pleased to help you save energy through the residential energy advisory program.

DIRECTOR

CHILDREN'S SERVICES STEERING COMMITTEE

Serving the Counties of Peterborough, Haliburton, Victoria and the City of Peterborough.

The successful candidate will manage and direct a Children's Services Office, undertake community development and liaison work with children's voluntary agencies, local and provincial government.

The person will be required to co-ordinate the work of a Children's Services Committee.

The position requires someone to be self directed with a number of years experience in voluntary co-ordination and administration.

Requirement

Professional social worker or equivalent with administration experience.

The position offers a great deal of challenge and opportunity.

Remunerations negotiable commensurate with experience and training.

Applications to be received by Wednesday, March 10, 1982.

Direct applications to:
Mr. G. W. Turner
Chairman
Children's Services Steering Committee
500 George Street North
Peterborough, Ontario
K9H 3R9

THANK YOU

The Haliburton County Big Brothers Association
sincerely thank the
1000 Lakes Bowling Association
and all other participants for their support
of our recent

"Bowl for Millions"

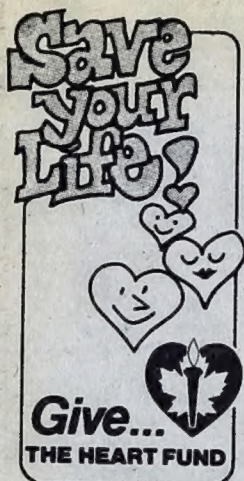

campaign.
